#### BANK OF ENGLAND

RATE REDUCED.

CAUSED TEMPORARY RALLY IN LONDON MARKET.

Missouri Pacific Stocks Were Distinctly Weak and Grangers Heavy-Gold Shipments.

Bank of England rate from 21/2 to 2 per ent gave some little strength to the marthere was in American stocks was lost before the close. Consols were steady, and the general market rather featureless. Foreign bourses were heavy and inactive. The open discount in London continued to discount, but money was still tight in Berlin and a further advance was recorded. It is worth noting that the Berlin exchange on London has now declined to a point at which Berlin will require gold from somewhere, probably London,

The Chinese situation continues threatering, but the news from South Africa is more satisfactory. In the local market a little strength was shown in the first few minute, but it was soon lost. A 1-cent advance in the price of wheat had an adverse effect, and the support forthcoming from London in the last few days was conspicuous by its absence, arbitrage houses selling as much as they bought. It is probable also that some of the American operators now in London took profits on the purchases of the last two days.

The granger stocks were heavy and Missouri Pacific was distinctly weak. Northern Pacific was unsettled on the uncertainty ern Pacific was unsettled on the uncertainty as to Friday's dividend declaration of 1 per cent. with 1 per cent extra being still the favorite guess. Grain reports from the Northwest are not very encouraging, and the iron trade outlook is distinctly guorny. The steel stocks all gave way considerably open it. A 10-cent advance in the price of refined sugar did not help the stock of the price of refined sugar did not help the stocks. much, as the product has now advanced to the point where imported sugar can com-

The market closed heavy and listless, with

the point where imported sugar can compete.

The market closed heavy and listless, with very small transactions on the day. The movements in the last hour were not important and the tendency of the railroad stocks was to sag more from neglect than from any active opposition.

The borrowing demand showed that the account open on both sides was very much reduced. The deafing was almost entirely in the hands of traders. The later advices from London indicated that American stocks were very weak on the curb after the close. Credit Lyonnais was a considerable seller of Northern Pacific common during the day. The Chinese position continues acute, although there are hopes that the mutual interests of the Powers will be sufficient to solve the difficulty before it reaches explosion point. Russia and Japan are the uncertain factors, and the latter, at any rate, seems willing enough to come to blows on any kind of provocation.

The report that International Paper may resume dividends on the common stock is premature, and not confirmed by the directorate. The advance in the price of refined sugar brings it to the point at which it was before the trade war commenced. The Colonial Trust Company has declared a dividend of 5 per cent. A good demand for coal for export is reported from the soft coal districts. Russian wheat crops in the Black Sea Provinces have suffered severely from drought. The Republic Iron and Steel Company says that it has only closed its mills to repair them. Mr. J. P. Organ has returned from Europe. The Westinghouse Company has declared 1½ per cent on the preferred stock. The Western rate position is still somewhat unsettled, but east-bound freights are well maintained. Three and one-half millions in gold has been shipped to Paris. Further shipments, in view of the movements of exchange, are not improbable.

LOCAL MONEY MARKET. General Situation Practically Un-changed-Demand for Money Fair. St. Louis, Thursday, June 16, 1900. The proceedings among the local financial in-stitutions to-day were fairly brisk and of very

trade conditions and other influences having an effect upon money matters being about the same as they have been for some time past. There was a very good demand for funds, and some new business was reported, but it was small. Money was plentiful and borrowers were readily supplied at z to 7 per cent in the extremes for cell and time money, both checking and depositing were on a very satisfactory scale and country business was fair.

The local bank clearings amounted to \$5,895,372, and the balances to \$56,172.

Donestic Exchange.

other offered and Mississippi value and 557 saked.

Mississippi was in fair demand and control of the common of 150.20 with 155.20 saked.

A strong market was ind for Suburbans, the cock and line are bonds being in good demand, louish to sakes were mode. For the first named fere was a buyer at 571 and a select at 571.55.

The Impures were quoted at 58 bid and 591 saked.

New York Market Gossip.

Mound City 95.

Mound City 96.

railway shares displays increasing strength, with the Pacific charcs leading. Prices show advances in the regularity active list of 43th per cent above New York's closing figures. The case in maner, which is reflected in the reduction in the Bank of Faginal rate to 2 per cent, helps all of the securities markets.

Loudon, 2 p. in.—The securities markets here continue to show the favorable effects of the reduction in the Bank of Eucland's rate of discount and the news of the latest British success in South Africa. In the American desarrhent the market her cased after the stary containg.

London—The refolmum rate of discount of the Bank of Eucland has been reduced by per cent, to 2 per cent.

DEAD HAND ON THE LEVER.

Carload of Passengers Dashed Across Locomotive's Path.

Across Locomotive's Path.

Chicago, June 14.—With the motorman dead on the front platform, an Indiana avenue electric car crowded with passengers shot across the railroad tracks at Fortieth atreet just ahead of a freight train last night, and for three blocks ran at full speed with no one at the controlling lever.

The motorman, H. A. Morgan, had fallen helpless of heart disease, but the passengers did not realize their danger until after it was over and the car had been stopped by the conductor.

As the car approached the railroad crossing the conductor heard the sound of an approaching train. Looking ahead he saw by the signal lights that the gates were down. As the car failed to stop he pulled the bell rope and shouted to the motorman. He received no answer.

The watchman at the crossing, thinking that the motorman had lost control of his car, raised the gates in hopes that the car would cross the tracks before the locometive could dispute the right of way. His calculations were right, for the car just managed to clear the crossing in safety. The glaring light from the engine's headilght as it swept across the faces of the passengers and the unusual farring in crossing the railroad tracks, caused a panic in the car. As soon as the crossing had been passed the conductor rushed to the front of the car, where he shut off the electric current and found the motorman lying dead on the platform.

SPENT THEIR TIME DRESSING. Mrs. Kram Criticises Delegates to Women's Clubs Meeting.

REPUBLIC SPECIAL.

New York, June 14.—Whether the delegates from the New York wamen's clubs at the recent National Federation in Milwaukte allowed their Western sisters to outdress them is being discussed with hated breath among the women who did not attend the convention. Mrs. S. R. Kram declared at the Rainy-Day Club that display in dress was the shoal on which the federation was likely to run aground.

Mrs. Kram, who represented the club at Milwaukee, concluded her report as follows: "I do not like to close my report without making a protest against the extreme extravagance shown in dress at the blennial. We are supposed to be a body of women handed together for serious purposes, but to outsiders and lookers-on at Milwaukes it must have seemed as if some, at least, of the members thought of nothing but dress.

but dress.

"Some wore three or four dresses in one day. They surely could not have spent much time at the meetings, merely showing themselves for a few minutes, then retiring to appear at the next meeting in another costume, each more elaborate than the others. another costume, each more elaborate than the others.

"This, in my mind, is a very serious question, as it gives a bad impression, and it is no wonder that the newspapers ridicule works are the idea of any serious or valuable reforms coming a mid such a display. The federation will, I believe, be at a disadvantage until such matters are changed and less display is shown."

To Dealers in Hay, Oats, Corn, Bran, Straw, Etc.

Office of Commissioner of Supplies, City Hall, June 13th, 1999. Scaled proposals will be received by the adersigned at his office until 12 o'clock m.

of MONDAY NEXT, ISTH INST, for supplying the City Hospital, House of Refuge, Work House, Quarantine and Smallpox Hospital, Insane Asylum, Peor House, Female Hospital, parks and fire engine houses with hay, onts, corn, bran, shipstuff and straw, from the 28th day of June, 1906, to the 28th day of September, 1906.

Executive Department,
Mayor's Office,
St. Louis, June IR, 1990.
Whereas, The management of the St.
Louis Fair Grounds Association has designated and set apart next Saturday, June
16, 1990, as Derby Day; and
Whereas, The breeding and raising of fine
horses and stock is one of the great industries of the State, which deserves
recognition and encouragement;
Therefore, by virtue of the authority in
me vested, I, the undensigned, Mayor of
the City of St. Louis, do hereby proclaim
and declare next
SATURDAY, THE 16TH DAY OF JUNE, from and after the hour of 12 o'clock noon, a public holiday in the city of St. Louis, and do direct that all municipal offices be closed during said half day.

In testimony whereof I have hereunto set my hand and caused the corporate seal of the City of St. Louis to be hereto affixed by the City Register, this 13th day of June, 1900.

(Scal.) HEY. ZIEGENHEIN. and declare next SATURDAY, THE 16TH DAY OF JUNE,

Attest:
JOS. A. GUTWEILER,
Deputy and Acting Register.

WEEK'S TRADE IN IRON.

Healthy Figure Has Not Yet Been Reached in General Prices.

New York, June 16.—The Iron aga, in its issue to-lay, says:

"The turning point in the Iron trade has not yet been reached, notwithstanding the general reduction in prices made during the past week. Buyers are still placing contracts for merely enough to meet their present requirements, and are not disposed to anticipate the future. The consensus of opinion among leaders in the trade is that hand-to-mouth buying will continue untipleces have receded to a point which is seen to be close to the cost of production at average works. The opinion is expressed that it would be better to reach this point at once by making sharp reductions, which would cut to the quick. This would accelerate the restriction of production that is necessary to bring about a substantial basis for business. As long as prices show a good margin above cost at the great majority of works manufacturers will continue operations in the hope that they may be able to dispose of their product.

"Our blast furnace statement for June 1 illustrates these conditions. Fig from prices have been decidining, and the outlook for some time has been discouraging, yet the production of pig fron during May actually increased, as shown by the fact that furnaces in operation on June 1 represented a weakly capacity of 228 tons in excess of the capacity of the furnaces in operation a month previous. The stocks of pig from excluding stocks held by excel works, increased during the month \$3,00 tons. It is true that since the first of this month quite a number of furnaces have been blown out and others are to be blown out said others are find and the said of southern from are in small supply,

correspond with rates now ruing on contract of the correspond with rates now ruing on the companies to defer shipments until August, which will possibly throw a big lake movement toward the close of the season.

## TO FLOUR DEALERS.

Office of Commissioner of Supplies,
City Hall, June 13th, 1900.
Sealed proposals will be received by the
undersigned, to be opened at his office at
12 o'clock m. of
MONDAY NEXT THE 18TH INST.,
for supplying the Poorhouse and House of
Refuge with flour for three months, beginning on the 28th day of June, 1900, and
ending on the 28th day of September, 1900.
The flour to be "clear" in quality and equal
to St. Louis Merchants' Exchange standard
for extra fancy.

The flour to be "clear" in quality and equal to St. Louis Merchants' Exchange standard for extra fancy.

The estimated amount required during the aforesaid three months is as follows:

For the Foorhouse, 1,400 more or less barrels inspected "clear."

For the House of Refuge, 250 more or less barrels inspected "clear."

The flour is to be furnished in weekly installments, or in such quantities and at such times as may be required by the officers in charge, and must in all cases have the St. Louis Merchants' Exchange Board of Flour Inspectors' brand thereon, showing it to be "sound" and not "inferior" to above-mentioned grade.

Separate bids will be received for each institution.

Each bid must be accompanied by a certified check to the order of the undersigned for \$100 as a guarantee that in case of its acceptance the bidder will, within five days from the award, enter into contract and file a bond in the sum of \$1,000, with two or more good and sufficient securities, to be approved by the Mayor, for the faithful performance of his contract.

The flour is to be in new kiln-dried barrels, round hoops.

The Commissioner reserves the right to reject any and all bids.

All blds having any alteration or erasure thereon will be rejected.

Printed forms and any other information required will be furnished on application at this office.

Bidders are invited to be present at the opening of the bids.

FRED C. MEIER,

FRED C. MEIER, Commissioner of Supplies.
